

## THE ROLE OF THE DIRECTOR Centre College Alumni Association

Alumni are elected to membership on the Board because of their demonstrated interest in and willingness to support the College in a variety of ways. As a group, the Alumni Association Board of Directors:

- provides the formal structure for the relationship between the alumni body as a whole and Centre College;
- serves as a conduit between the alumni body and the College for information and ideas; and
- comprises a “ready reserve” of volunteers for a range of College activities.

The annual meeting of the Board is typically held on campus on the first Friday following Centre’s commencement. At this meeting, the Board reviews and takes action on the business of the Alumni Association. Attendance by Directors at the annual meeting is strongly encouraged and appreciated. However, inability to attend the annual meeting should not prevent alumni nominated to the Board from accepting the position, as they will be able to participate in Board activities in several other ways. Members of the Alumni Board of Directors:

- provide leadership in the fundraising activities of the College by making their own financial contributions each year and by encouraging other alumni and friends of the College to give;
- assist with student recruitment, internships and job placement;
- represent the College at various events, including college fairs, presidential installations, and alumni events;
- serve on at least one committee of the Alumni Board;
- serve as an *ex officio* member of and represent the Alumni Association at the Centre Club in their region, and;
- will be advocates for the College in their personal, professional, and civic activities.

Questions, suggestions, and concerns should be directed to the Centre College Alumni Office, 600 West Walnut Street, Danville, KY 40422; toll-free at 877.678.9822 or locally at 859.238.5500:
